sociology a brief introduction fourteenth edition bridges the essential sociological theories research and concepts and the everyday realities we all experience the program highlights the distinctive ways in which sociologists explore human social behavior and how their research findings can be used to help students think critically about the broader principles that guide their lives

this encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society

frontier and pioneer life west u s fiction shane the movie was adapted from one of these short stories in this book

a staunch advocate for the adirondack park activist and writer paul schaefer deeply influenced conservation policy in new york state his work and writing inspired countless conservationists with his tireless efforts paving the way for the protection of forever wild

forests in the wilderness act of 1964 until his death in 1996 schaefer continued to strive to instill the same care for the adirondacks in the next generation a force for nature is a testament to that lifetime of advocacy community and life in the adirondacks david gibson who was mentored by schaefer traces the impact of a man who helped ensure the continued integrity of the largest protected parkland in the contiguous united states drawing on schaefer s own writings as well as interviews and family narratives gibson paints a vivid and comprehensive portrait of the icon and the adirondack park that serves as his legacy a force for nature sheds light on the storied life of a dedicated conservationist and examines how environmental devotion has contributed to the adirondacks remaining forever wild and protected for future generations to love

this book represents the first english translation of maaseh merkabah which is part of a body of early jewish mystical texts known as palace hekhalot or chariot merkabah texts through a complex dialogue a rabbi teacher reveals to his student the techniques of ascent methods for traveling up through the heavens by means of recitation of hymns the teacher gives vivid descriptions of the heavenly realm filled with flaming chariots and a chorus of angels engaged in praising the deity the emphasis in the text is on language on the correct recitation of the words to achieve the ritual the particular focus is on the divine name which can be employed in unusual ways the author relates the structures of the text to the linguistic ideologies the complex structures of the text begin to unfold in light of the theories about the ritual function of language the hymns include praise of the deity and voces magicae words that have no semantic meaning but draw attention to sounds of letters in god s name since god s name is used to create the world the sounds of the name are creative but the name cannot be spoken the hymns create a multiplicity of name equivalents words that have the functional status of the divine name and which can be employed in ritual voces magicae are not so much nonsense as they are logical extensions of the linguistic theory the final chapter

surveys recent theories of ritual language and then uses the conclusions from the study to refine the general issue of the relationship between the semantic meaning of words and their ritual efficacy the dialogic structure of the text permits the reader to become the next student in a chain going back to the deity by means of moses

this book is based on the contributions to the ifac workshop mass spectro metry in biotechnological process analysis and control held in graz austria from 23 to 24 october 1986 the idea to organize this workshop and further to prepare these proceedings was stimulated by the following facts biotechnological processes urgently need better on line instrumentation mass spectrometry ms offers a great potential to especially analyse gases and volatile compounds it is however considered that this potential by far is not exhausted the main reason for this is that ms often still is considered to be a very expensive technique requiring the permanent attention of a ms expert in addition methods have not yet been developed to a user friendly state on line ms methods are available to a certain extent but need further development to stimulate such development an interdisciplinary effort is necessary needs of industrial and university users and experience of physicists and instrument manufacturers have to be brought into a hopefully fruitful discussion an introductory article describes the bioprocess background including a brief summary of the state of the art in bioprocess sensor and parameter estimation development and the potential ms offers for bioprocess monitoring in the first chapter on instrumentation and gas analysis a general overview on some developments in ms instrumentation is given initially by schmid then the presently available instrumentation for bioprocess monitoring is discussed by instrument manufacturers winter schaefer and schultis bartman

sociology of death and the american indian examines dying death disposal and bereavement practices and applies those concepts to selectamerican indian tribes historically and currently

supplemented with oral histories the focus is that learning about other cultures can enhance the understanding of one's own culture by comparing traditional and modern societies gerry r cox addresses the centuries of injustices committed against american indians that led to a neglect of learning about american indian cultures and attempts to fill the gaps in knowledge of american indian practices

like its predecessors the tenth edition of this text reflects rick schaefer's mission to bring readers a comprehensive up to date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives combining balanced coverage of theory with current research findings distinctive social policy sections examples of interest to students and abundant learning aids and exercises this text will help students develop a sociological imagination the introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors the distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment the aids crisis welfare reform the death penalty and privacy and censorship in an electronic age richard t schaefer

three basic premises guide this highly successful introductory text first that theory and research must be both comprehensive and clear second that the text must show how sociology is relevant both to the study of society and to students lives and third that sociology can play a valuable role in teaching critical thinking skills to that end this solid well respected text combines a balanced three perspective approach with excellent student oriented examples and distinctive social policy sections in a concise presentation that offers an alternative to full length books
